## QUALITY POLICY

Noel Regan & Sons Building & Civil Engineering Contractors UK Limited (NRS Group) is a multi-disciplinary construction contractor operating in the United Kingdom. Quality is integrated into our core values set within the context of all other business objectives, to ensure the health, safety and welfare of all NRS employees and others who may be affected by the company's activities. Our commitment to Quality is reflected in our core values: Quality, Collaborative and Pride.

An essential element in demonstrating our Quality commitments is via our unrelenting resolve to achieve the attainment of our core values. Additionally, NRS Group will continually strive to improve our Quality performance-in accordance with the requirements of ISO 9001 and will initiate strategies that will:

- Develop, continually improve and measure overall performance, by establishing attainable Quality goals.
- Acknowledge and reward excellence.
- Promote corporate responsibility.

More specifically we shall:

- a) Know the expectations of customers of the Company in order to deliver products and services to their full satisfaction.
- b) Promote activities to satisfy or even exceed the customers' expectations.
- c) Enhance the culture of continuous improvement and excellence in management in order to increase competitiveness and the creation of value for employees.
- d) Encourage the use of quality management systems within the Company.
- e) Foster the involvement of the Company's employees by means of teamwork, an appropriate flow of information, internal communication, training, and recognition of achievements.

This Quality Policy Statement will be made available to interested parties upon request and displayed on notice boards at all NRS Group facilities and will form part of all new employee induction training.

This Policy Statement is supported by the NRS Group Integrated Management System and is endorsed by Senior Management. This Policy Statement will be reviewed periodically to ensure its continued adequacy and suitability.
